Kagman Watershed	The purpose of the project is to reduce flooding of agricultural lands and public roads. A partnership has been established between NRCS, the local government, and the local soil and water conservation district since 1994 to complete the Watershed project. The project is 27% complete and has proceeded in stages as funds become available to complete each stage.	\$2.3 million	Dept. of Lands & Natural Resources (DLNR)	10007 Capitol Hill, Office of the Governor, Saipan, MP 96950
Agriculture Plant Nursery Facility	The nursery facility will propagate sufficient crop seedlings for planting by local farmers throughout the islands. Such seedling supply will enable local farmers to produce quality crops for the domestic and off-island communities. Improved seedling supplies will promote greater agricultural production and improve local economy. Availability of more crops for planting will result in greater number of participant and increase farm employment.	\$200,000	DLNR	10007 Capitol Hill, Office of the Governor, Saipan, MP 96950
Farming Irrigation System Project	Installation of new water pumps will provide commercial farmers adequate water supply throughout the year. With adequate water supply, farmers will be able to increase their crop production. Farmers throughout the island have experienced tremendous economic losses due to inadequate water supply throughout the year. The department needs to replace old and inefficient submergible pumps from its existing wells.	\$100,000	DLNR	10007 Capitol Hill, Office of the Governor, Saipan, MP 96950

Garapan Public Market	The construction of the public market will provide the community of Saipan a centralized facility where their fresh produce and seafood needs can be conveniently obtained from on a daily basis. The facility will also provide greater economic opportunity to both farmers and fishermen by providing them a clean and safe infrastructure to clean, package, display and sell their products to the community. The public market will greatly enhance the sales and marketing of all participating farmers and fishermen and it will also provide the community a reliable and dependable source of fresh produce and seafood.	\$2.25 million	DLNR	10007 Capitol Hill, Office of the Governor, Saipan, MP 96950
Commercial & Subsistence Farming	Procurement of various farm equipment (i.e. tractor, backhoe, tiller, plow) will enable the department to provide much needed services to subsistence and commercial farmers on Saipan. The tractor services will allow for more farming that would greatly increase crop productions for the entire island.	\$212,500	DLNR	10007 Capitol Hill, Office of the Governor, Saipan, MP 96950

Mariana Islands Sanctuary Scoping and Outreach Meetings	To obtain information about the favorability of a national sanctuary within the Mariana Islands; to educate the public about the importance of sanctuaries. Valuable discussions will take place about marine sanctuaries with respect to the nation and community as a whole. While there is a moratorium on designating a sanctuary, discussions should still continue about whether it should be lifted or remain.	\$1 million	Department of Lands and Natural Resources/ Division of Fish and Wildlife	10007 Capitol Hill, Office of the Governor, Saipan, MP 96950
Micronesian Legal Services Corporation internet technology upgrade	<p>Micronesian Legal Services Corporation (MLSC) is a private, non-profit law office that provides free legal assistance to low-income persons in civil matters. MLSC operates throughout Micronesia, with offices in the Commonwealth of the Northern Mariana Islands, the Republic of Palau, the Federated States of Micronesia, and the Marshall Islands.</p> <p>MLSC uses online case management software which allows its offices to keep track of cases, and to communicate with one another. This software is also necessary for MLSC's offices to comply with Congressional reporting requirements which mandate that the offices submit reports and data via email. Some of MLSC's offices do not yet have high-speed internet, however, which makes their use of this software difficult.</p> <p>This funding will allow MLSC field offices to upgrade their internet technology, which will allow them to use their case management software. In turn, MLCS will better be able to serve its low-income clients, as well as better comply with its reporting requirements.</p>	\$70,000	Micronesian Legal Services Corporation	P.O. Box 269 Saipan, MP 96950

<p>Tinian and Rota legal services outreach for Micronesian Legal Services Corporation</p>	<p>Micronesian Legal Services Corporation (MLSC) is a private, non-profit law office that provides free legal assistance to low-income persons in civil matters. MLSC operates throughout Micronesia, with offices in the Commonwealth of the Northern Mariana Islands, the Republic of Palau, the Federated States of Micronesia, and the Marshall Islands.</p> <p>This funding will allow MLSC to serve the legal needs of low-income populations in the islands of Tinian and Rota, two islands with large low-income populations. Now, these two islands are serviced by once-monthly visits from an MLSC attorney. This funding will allow an attorney to provide dedicated service to these islands.</p>	<p>\$65,000</p>	<p>Micronesian Legal Services Corporation</p>	<p>P.O. Box 269 Saipan, MP 96950</p>
<p>Micronesian Legal Services Corporation immigration services</p>	<p>Micronesian Legal Services Corporation (MLSC) is a private, non-profit law office that provides free legal assistance to low-income persons in civil matters. MLSC operates throughout Micronesia, with offices in the Commonwealth of the Northern Mariana Islands, the Republic of Palau, the Federated States of Micronesia, and the Marshall Islands.</p> <p>Last year, Congress passed the Consolidated Natural Resources Act – P.L. 110-229 – extending Federal immigration law to the Northern Mariana Islands. For 30 years prior to that, the Northern Marianas enforced its own immigration law.</p> <p>This funding will allow MLSC to provide immigration assistance to persons affected by the upcoming transition in the NMI to Federal immigration law. This assistance will be provided to low-income applicants for permanent residency, as well as to applicants for U and T visas, and will ensure the unification of NMI families, as well as provide important assistance to victims of crime and of human trafficking.</p>	<p>\$45,000</p>	<p>Micronesian Legal Services Corporation</p>	<p>P.O.
